

Occupational Therapist

Two full-time Grade One positions are available in our community rehabilitation setting.

About IRS

Independent Rehabilitation Services (IRS) is Melbourne's leading provider of multidisciplinary community-based neurological and general rehabilitation services.

Founded in 1999, we have a reputation for quality, integrity and expertise in the provision of Allied Health services in the community.

About the role

In this role you will have the opportunity to develop your skills in a variety of areas.

You will manage a caseload of clients, covering Traumatic Brain Injury (TBI), spinal and progressive neurological conditions and have the opportunity to develop experience working in the NDIS sector.

You will experience being part of a supportive multi-disciplinary team, committed to expertise and leading change.

You will be provided with professional development, a structured supervision & clinical mentoring process and research opportunities. Work hours are flexible to allow for work-life balance.

Duties

- Provide community Occupational Therapy intervention to clients referred to IRS.
- Set appropriate goals for clients based on evidence-based practice.
- Participate in staff and discipline meetings.
- Be an active participant in our performance enhancement program and supervision / mentoring programs.

Skills

- Think creatively when problem solving and have excellent reflection skills
- Be familiar with a variety of valid Outcome Measures
- Continually seek out opportunities for learning & growth

Culture

At IRS, we have developed a culture of inclusivity and respect amongst our employees. There is strong communication between all the team at IRS and a sense of fun. We value our work-life balance and the opportunity to make meaningful gains in our clients' lives.

How to Apply

Contact Natalie Pribil, Allied Health Leader on **(03) 9885 2533** for further information. Email a cover letter and CV to **npribil@independent-rehab.com.au**.
